1996 – Nov 2001

McDonalds System of New Zealand
Restaurant Designer/ CAD Manager

Purpose of position was to carry out store design work throughout New Zealand including kitchen and restaurant layouts and the new concept of McCafe

Duties:-

- Design and draughting using AUTOCAD version 2000
- Design and layout for feasibility and architectural drawings for new store design
- Interior décor elevations
- Kitchen design and layout
- Site layout and parking requirements
- Co-ordinating between Asia Pacific CAD users for McDonalds to combine and harness all CAD and restaurant design skills used throughout Asia Pacific
- Producing project feasibility and information
- Co-ordinating Real Estate functions with construction and equipment requirements to process into specific plans
- Working closely with external consultants and suppliers
- Responsibility for the overall CAD system together with budgets

Achievements:-

- Involved in the design from inception of the new concept of the 20 & 70 seat McDonalds Restaurants, including the Design of McCafe Concept into McDonalds Restaurants
- There were regular requests from overseas for photographs of New Zealand Restaurants and kitchen layouts. Personally managed a project to put photographs of the restaurants onto the Web rather than emailing them as before. This involved collecting together the range of all photographs, organising them into directories and building specific Web pages for each individual restaurant & implementing this project onto the office Intranet server and maintaining the web site

1987 - 1994

**Foodstuffs Auckland Ltd
Store Designer**

Purpose of position was to take responsibility for design and layout for supermarkets for Four Square, New World and Pak 'N' Save Mega Supermarkets

Duties:-

- Carrying out all drawing work for equipment

dimension, lighting plans, electrical front end wiring and scale wiring drawings

- Emergency lighting and security drawings
- Fittings design work
- Décor elevations for all departments
- Office layouts, ceiling and lighting, furniture, floor / heating cable drawings
- Drawings for the butchery, bakery and delicatessen layouts and decor
- Penetration drawings for all of the above
- A variety of artwork and desktop publishing
- Carrying out design work on AUTOCAD version 12
- Using AUTOAIDS customisation programmes to enhance overall drawing capabilities
- Some 3D work and colour work for Décor Elevations

1977 - 1987

Rodney County Council Draughtsperson

Duties:-

- Detail and construction drawings for architectural work on depots, camp buildings, park facilities and pump station buildings
- Responsibility for reticulation drawings including storm water, sewer, water, power and phones
- Highway and street construction drawings
- Detailed drawings for bridge construction, pump stations and reticulation contracts
- Town planning drawings
- Planning and map drawings for legal deposited plans

Personal Work done from home: when time allowed.

Many House Plans , Over the years, & Garages & extensions , Electronics drawings for Rolls Royce Yokagawa, House plans for Platinum Homes, House Plans for a local Builder, 3d drawings for Wall Vents for a Cedar Vent company in the south island.

Strengths

- *Kitchen and retail design* – in depth experience in kitchen layouts, kitchen ergonomics and staff travel paths to maximise efficiency and safe working conditions. Also design seating layouts, restaurant layouts, space planning, taking into account customer perceptions and the needs of people with disabilities. This experience has been gained within McDonalds.
- *Supermarket Layouts* – with Pak 'n' Save and New World, gained considerable experience in overall supermarket designing including lighting, electrical, security, truck docks, shelf design, wiring diagrams for POS systems.
- *Civil Engineering* – at Rodney County Council, gained exposure to designing pump stations, sewage system drawings, storm water and water reticulation, drawing maps from deposited plans, roading (cut and fill work), bridge design and the design of depots.
- *Compliance* – familiar and experienced with regulations around health and safety, some knowledge of town planning and domestic structural design (particularly REG 3604) have also carried out some private work for home clients in residential design.
- *CAD* – used CAD at Foodstuffs (versions Auto CAD 2 –13) for 8 years , 8 years at McDonalds (used versions 13 to Auto Cad 2000. Also familiar with Autoaids, an architectural add-on package). Have assisted with supervision and some training of other CAD staff, twice in Malaysia. Autocad ADT Approx 2 years at Mitre10 Design.
- *Computers* – familiar with an Intranet & Network systems, Graphics & Web Design, Familiar with HTML Macromedia Dreamweaver and some knowledge of JAVA., all Microsoft products , Graphics Software Paintshop Pro for graphics and all of the software relating to Windows & Windows XP including other Windows software packages.
- *Personal Development* – Courses at McDonalds on Motivation, Goal Setting, Development & Business Management , as part of in house training for all staff. On Going interests in this area, purchase and study of Audio, CD , Books On subjects of Business, Personal Development , Goal Setting , Finance, Investment.

Note: I have not had the opportunity to do any Contract Documentation over the years, as either it was done by others in the offices I worked , as they were so big they employed specialists, or the work was out sourced, or the places I worked did not have to do this type of work, so it was not there to be done, my main interest is in drawing, that is what I enjoy and do.

Family & Interests

Enjoys gardening and landscaping,

Also interested in building furniture and restoring of old furniture, collecting Antiques, Interior Design, Computers , Internet & Web Design using Macromedia Dreamweaver, Computer Graphics, adding to existing computing skills.

We also run our own Online Wordpress Blog WebSite.

Other Interests are;

Business &, Personal Development , Goals, Marketing, Business Studies.

Has traveled extensively overseas, and enjoys family time with his children.

Keep fit through walking regularly & gardening.
